

EMANUEL SCHOOL

MAZAL TOV CLASS OF 2019

To the Class of 2019

I am delighted to share your impressive HSC results with our Emanuel School community. Mazal tov on this wonderful set of academic achievements; we are proud of you! Academic success rarely comes without great effort and I commend your consistent focus and commitment over the past two years. As the saying goes “the harder you work, the luckier you get”.

Whilst we are delighted with our state ranking, the published ‘League Table’, which acknowledges those students who achieved a Band 6 in a subject, tells us just part of the story. It does not, for example, recognise the achievements of those who have made significant progress over their years of schooling, culminating with personal best results that fall below a Band 6. For those in the Class of 2019 who have achieved outstanding results, commensurate with your ability, we commend you on your perseverance and exemplary work ethic.

As an Emanuel School graduate, you have earned far more than your HSC and ATAR. The experiences that you have shared, the friendships you have made, the values that you have adopted and the connections you have made to Judaism, will stand you in good stead as you take the next steps in your life journey.

As we celebrate these outstanding results, we are reminded that a key ingredient for this success has been the encouragement and care provided by our highly competent and professional teachers. We thank our Emanuel School staff for their work to support you at every step of your learning journey.

Andrew Watt, Principal

“Emanuel School has been a place for me where I can always be comfortable and feel accepted.”
Greg Allen

STATE RANKING
Non-selective
co-educational schools
7th in the State

“Emanuel School means change and growth, both as a student and as a person.”
